# Motivations

I like making gifts for my Mom's birthday, such as the 3D printed rose pictured to the right.

I have not done it in a while, so I feel this project would be a nice little gift.

# Inspiration

# Sketches of Potential Design

# Sketches of Potential Design

# Proposed Improvements

- Custom and Controllable Lighting
  - Motorized Mushroom Head for Jewelry Selection
  - Limit Switch to Help Conserve Power for Ring Box
-

# System Block Diagram

---

## Motorized Jewelry Selection

Stepper Motor

UART4\_RX (P2\_05)

UART4\_TX (P2\_07)

GPIO (P2\_09)

SPIO\_CS (P2\_31)

3.3 V (

GND (
